

Project 54: With the support of world's second largest IT company we coordinated Coimbatore Wish Tree 2022 on December 25, 2022. 45 kids from below poverty line are identified in few slum areas in Coimbatore and they were given gifts like cricket bat, shuttle bat, books, football, volleyball, school bags, teddy bears, toys etc., these gifts were donated by those company employees from all over the world. We Shyam Foundation collected those gifts, organised those toys and properly donated those toys to 45 kids in front of that IT company CSR team in Shyam Foundation Office Premises.
